KEY NOTES

*Daniel in many ways mirrors the book of Revelation. It makes sense that Daniel would give 4 separate prophesies/accounts concerning future worlds events (history to us today) just as John gives 4 accounts of future events (Tribulation) in Revelation. Each of the prophesies gives further detailed looks at the history that would occur (just like the seals, trumpets, vials, etc... of Revelation)

DANIEL 7

Four Kings SHALL ARISE out of the earth (v. 17)

Note: These beasts seem to have a double interpretation (representing 2 kingdoms each). The clue words... by night... in the night... are words used to describe the "church age." Double interpretations are common in the Bible.

By NIGHT... in the NIGHT... in the NIGHT (v. 2a, 7, 13)

We live in a time period, church history, called the night (Rom. 13:11-14) John 9:5 - "As long as I am in the world, I am the light of the world." When Jesus returns on the "day of the Lord" He is called the Sun of righteousness - Mal. 4:1-3 Christians are a type of the moon that reflects the light of the sun on earth during this period of time called the night - Ps. 136:8-9; 89:39; Matt. 5:14-16

The LION with Eagle's Wings that are plucked (v. 4)

Lions are magnificent, elegant animals of power and strength... They are confident, organized (methodic in hunting/defending), and demanding

PERSIA (also in type as England)

The lion with the sun in the background has been associated with the area of Iran (modern day Persia) since 333 BC and on the Iranian flag from 1846-1980. The symbol of the lion is still prominent throughout Iran. King Cyrus' tomb is in Iran. The symbol of the Persian Empire when Cyrus conquered was that of an eagle with its wings spread. England has always been symbolized by a lion. She birthed another very important nation, the United States (plucked from her), symbolized by an eagle.

The BEAR raised up on one side with three speaking ribs (in its teeth) (v. 5)

The bear is the strongest beast after the lion. It does not have the agility and majesty of the lion and is much more awkward and brutal in its movements. It does not lack the power of the lion, but it lacks the magnificence and beauty.

GREECE (also in type as Russia)

The symbol of a bear has never represented the empire of Greece. However, the character qualities of a bear's power certainly describe the conquests and government of Alexander the Great and the generals that succeeded him in power. There are no legitimate theories on what the three ribs might represent in regard to Greece.

Russia has been symbolized as a bear as early as the 16th century and certainly in the communist era. As a country, Russia is known as being big, brutal, and clumsy in their worldwide dealings. The three ribs in the bear's mouth telling it to "Arise, and conquer" could represent the Yalta Conference in 1945 at the end of WWII where Churchill, Roosevelt, and Stalin all gathered giving Russia enormous world power.

The LEOPARD with Four Wings of a Foul and Four Heads (v. 6)

A leopard is a composite looking big cat... multi-colored with spots. It is an opportunistic hunter, adaptable to many habitats, and aided by its quickness (96 mph) and agility (can climb trees). It is stealthy and consumes any animal it catches. In history, the leopard was believed to be a hybrid of the lion and panther.

ROME (also in type as the United States)

Rome was considered a melting pot empire (a composite of many cultures/customs) in which citizenship had many privileges through its laws. Consider the conversation of the apostle Paul and a chief captain of Rome - Acts 22:25-29. The Roman Empire was a place where ideas and information were quickly passed around like never before in history mixing cultures and societies. The Roman Empire has had such an impact on Western civilization it is summarized with this catch phrase... "all roads lead to Rome."

The Roman government was the first world-wide representative government with four heads... an emperor (considered deity), two consuls, the Senate, and the Assembly. SCOR stood for the Senate and the people of Rome.

SCOR

The United States has always been a composite of many nationalities of peoples... a melting pot since inception. If there's any system of government the United States is similar to, it is that of the Roman Empire. It is a representative type of government with three official branches (heads)... executive, legislative, judicial. The people of the United States are often considered the fourth branch of the government.

DANIEL 8

Four Kingdoms divide Alexander's empire at his death (v. 22 compared w/ v. 5-7)

There was no clear successor to Alexander the Great at his unexpected death

After some disagreement, his kingdom was divided into four kingdoms and givento

his four generals (notable ones...v. 8)

• Cassander took Macedonia (most of modern Greece)

• Lysimachus took Thrace (the main area of Turkey today)

• Seleucus took Syria (includes the areas of Iraq/Iran/Afghanistan today)

Ptolemy took Egypt

DANIEL 11

Four Major Kings of Persia (v. 1-2)

• Four Kings followed Cyrus in Persia who were significant in history and to Israel.

Note: History records that there were more than four kings that followed Cyrus in Persia. However, four are considered great and significant towards the Jews.

Cambyases (530 - 522 BC) Pseudo-Smerdis (522 BC) - also known as Artaxerxes (Ezra 4:7-23)

Xerxes the Great (486-465 BC) - This is the king in the book of Esther "Ahasuerus" there).

Note: Artaxerxes I... also known as Artaxerxes Longimanus (465-424 BC) of Nehemiah 2

Details about the FINAL BATTLES of this king leading to Armageddon (v. 40-45)

*At the time of the end... This time is the end of the tribulation period

The antichrist's powerbase is located somewhere between the king of the north and the king of the south, near to where the glorious land is (Israel), and he enters it and plants the tabernacles of his palace there (temporarily) - v. 41/45

Though we don't know how all these details will exactly work out

The king of the north... seems to be a nation(n) near the area of Russia - Ezek. 38-39

The king of the south... seems to be a nation(n) near the area of Egypt - v. 42

These two kingdoms converge on the antichrist and his forces in the middle - v. 40

Here are a few indisputable key facts when considering who the beasts are in Revelation chapter four:

- You will never be able to find a mention of Cherub or Cherubim with any description of them that matches up with the description of the four beasts in Revelation chapter four.
- In order to try to make the four beasts in Revelation chapter four Cherubim you will have to assume that either John or Ezekiel saw and then wrote their description incorrectly under the inspiration of the Holy Ghost. Some people have a problem with this statement but it is simply true. You cannot approach the Revelation given to John or the vision given to Ezekiel assuming that every thing they wrote was correct as pertaining to what is actually in heaven if you think that both are Cherubim. There is an absolute truth of what is in heaven. That is if you were to ask God to give you a description of Cherubim or Seraphim or the four beasts, there is the absolute truth of what they actually look like in reality. You cannot assume that Ezekiel and John got that absolute truth correct and say that the Cherubim are the four beasts in Revelation chapter four.
- You CAN 100% assume that every detail Ezekiel, Isaiah, and John wrote in all of their Revelations were 100% correct under the inspiration of the Holy Ghost and preserved for us correctly today, when you believe that the beasts in Revelation chapter four are Seraphim.
- You cannot find any discrepancies between the description of the Seraphim in Isaiah chapter 6 and the four beasts in Revelation chapter four.
- To not believe that the beasts in Revelation chapter four are Cherubim creates no issues pertaining to any description given of Cherubim in the entire Bible. That includes their description, duties, position in relation to the throne, etcetera...
- To explain away the differences between Cherubim and the four beasts in Revelation chapter 4, you will have to go to other more obscure passages with vague details. You will have to ignore the clear detailed visions of Ezekiel specifically of what the throne and its surroundings look like and go to passages that have vague descriptions of “God dwelling between Cherubim” or the descriptions of the ark of the covenant. This is against the keys of Bible study.

MYSTERY BABYLON THE GREAT: REV. 17

She is a MOTHER. Not just any mother, the mother of harlots (many strange women/false religions were born out of her) Rev. 17:5

Her symbol is the golden cup (chalice) with which she DRINKS BLOOD that gets her DRUNK. She is responsible for the deaths of many martyrs (Rev. 17:4b-6)

Her colors are purple and scarlet. She is also decked out in jewelry and gold (Rev 17:4)

She sits on many waters (peoples, tongues, nations). She is UNIVERSAL. And she is that great CITY that reigned over the king of the earth! (Rev. 17:1,15,18)

She is called MYSTERY BABYLON because the Roman Catholic Church has become the same anti-Kingdom/Religions system as ancient Babylon. The same system of a kingdom/city/works based religion goes back to the Tower of Babel under the rule of Nimrod (a type of Antichrist, of the seed of fallen angels, and the first of the 8 kings of this beast- Rev 17:8-11) Also Babylon is the only head/ kingdom of this beast with 2 representatives: Nimrod and Nebuchadnezzar. Rome is MYSTERY Babylon, the same power at work since Genesis 10

KEY

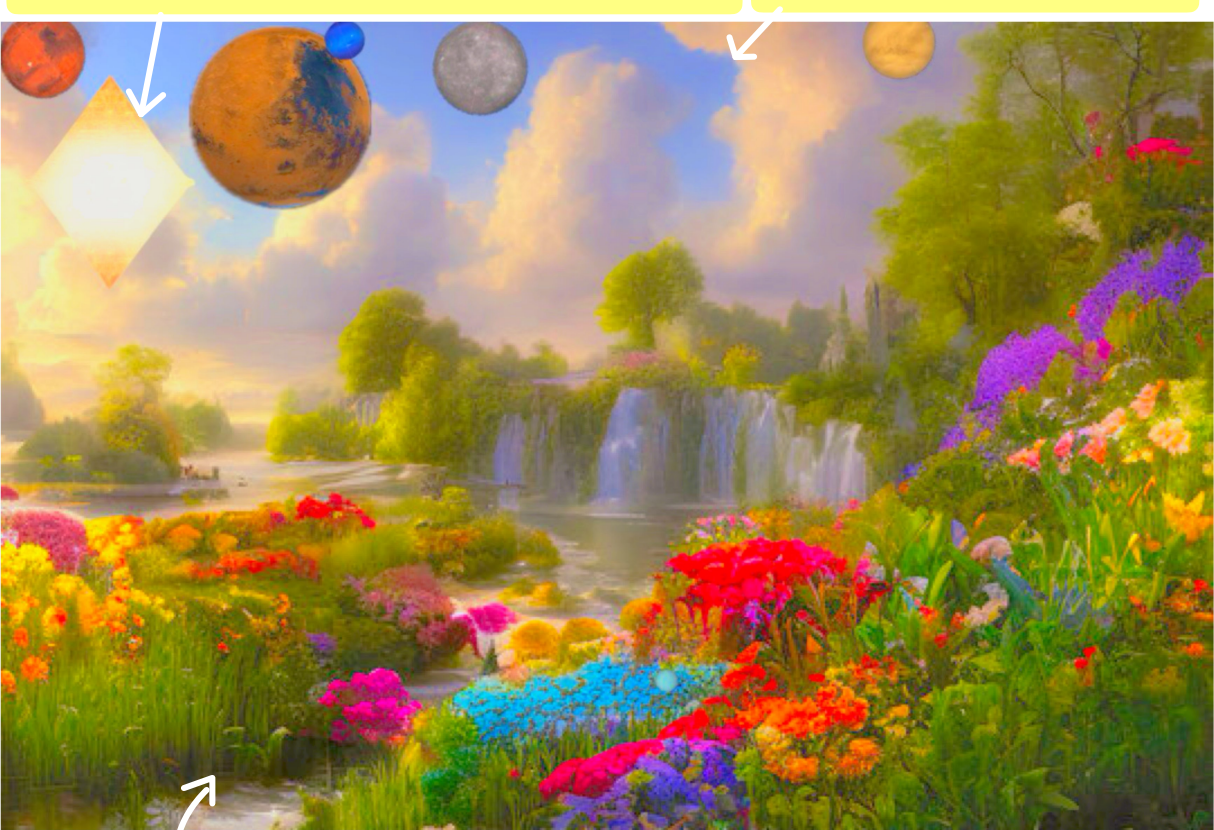

— There is only ONE thing this woman can be describing. A UNIVERSAL (Catholic) church located in the city of seven hills (Rome), whose colors are scarlet and purple (bishops and cardinals), whose main symbol is a GOLDEN CHALICE filled with FERMENTED BLOOD (alcohol they say is transformed into blood) who is called a MOTHER and out of who comes many HARLOTS/STRANGE WOMEN (false religions), who is responsible for the deaths of MILLIONS OF MARTYRS. This is NOT PAGAN ROME, the only qualities that apply to them would be being located in Rome and killing martyrs. EVERY QUALITY OF THIS WOMAN APPLIES ONLY TO THE MOTHER ROMAN CATHOLIC CHURCH!

She is located in the "city of seven hills" (Rev. 17:9)

We see a HARLOT/ MOTHER who uses BLOOD MONEY to help her CHILD build a shrine of FALSE IDOLS while claiming it is for the Lord God. She promises all of the money for this shrine while only paying a small portion of it (she loves her gold/silver) and he builds this shrine and hires out a black robed priest who he calls "FATHER" to help him in worshipping terraphim (small household idols) as his mother encouraged him to do. (Judges 16-17) This religion has been around forever!

New Jerusalem- This is the city in which God's throne/presence will be and where all of the saints will live and have a permanent place of dwelling. This city is called a bride (21:2) and a wife (21:9). We were the bride of Christ (are now) but become the wife of the Lamb (Christ) after the marriage supper of the lamb which already took place. This city would cover over half of the United States land mass (vs. 15-17). It is made up of all sorts of gems and precious stones (vs. 18-21). Its streets are made up of gold that is clear because it is so pure (vs. 21). This city is where the mansions will be that Christ promised he was going to prepare for us (John 14:2). God's presence and throne are in the city (vs. 22). God is the light of the city (vs. 23). There is a river flowing out of the throne, with trees of life on either side of it bearing fruit and leaves that are for the "healing of the nations" (22:1-3) It seemingly floats and acts as a sort of Sun for the universe near the earth

New Heaven- Notice this is "Heaven" singular. Just as God originally created in Genesis 1:1 before the fall of Lucifer, this is all the way back to God's original plan as it would have been during that time. New Heaven (singular) is important because there is no more space, no more vacuum of darkness or sea of glass or atmosphere between earth and heaven. There is one heaven and one earth in which all the universe dwells.

New Earth- This new earth will be a paradise. This earth will be even more beautiful than the millennial earth or the garden of Eden because there is absolutely no sin, no tempter (Satan), and no more rebellion. It will be occupied by the nations that are "saved" through not rebelling against God in the millennium and who obey the millennial laws and make it through the great white throne judgement (Rev. 21:24) We also see in the book of Psalms (doctrinally the millennium with David/ Christ ruling) that the righteous are told they will "inherit the earth" 4x (Psa. 25:13; 37:9, 11, 22) and the other time the phrase shows up it's about the millennial kingdom/law of the land in the book of Matthew (Matt. 5:5) It will be a place of no day or night, it is lit by the glory of God coming from the New Jerusalem city (Rev. 21:24) These people will be multiplying and reproducing for all of eternity, they are flesh and blood. Since this process is no longer cursed (22:3) it will be quick and the earth and consequently the universe will begin to populate at an extremely high rate (Isa 9:7) The other planets in the universe will be populated and need kings to rule over them just as God's original plan with Lucifer and the fallen angels would have been
